

Classroom Observations (15-20 minute snapshot)

Observer: _____ Teacher and subject being observed: _____

Briefly answer each of the questions:

1. Teacher Engagement (what is the teacher doing):
2. Student Engagement (what are the students doing):
3. I can (learning tgt) posted for kids to read?
4. Number of students engaged in learning _____, number not engaged in learning _____
5. What learning activities do you see the teacher or students using in class?
6. Would you consider the students interested/ eager/ motivated/ wanting to learn?
Explain why or why not.
7. What specific feedback/ recommendations would you give the teacher?

As you do these observations, I want you to consider the students and answer the questions based on what you, the student is seeing, hearing, and feeling in class.
