

Meece Middle School

MMS

Dear Parents of the 5th Graders,

6th Grade Immunization Requirements

According to state regulations, Kentucky law requires all students entering the 6th grade to have a physical exam and a Tetanus, diphtheria and pertussis booster known as Tdap, Meningococcal, and Varicella Vaccine. This physical may be performed within one year before the student enters the 6th grade. A sports physical form cannot be accepted as a KY school physical. A current immunization record and physical **MUST** be on file within 2 weeks of the start of the new school year. This is an opportunity to get started early and BEAT THE RUSH!!!

If you have any questions or would like to schedule an appointment with the school nurse, please call the school nurse at 678-5821 during school hours. The 6th grade school requirements must be on file no later than August 17, 2015. Please schedule your appointment in advance with the local health department, family physician or your school nurse. If you have already done so, please disregard this letter and thank you for your cooperation.

Thank You,

Calvin Rollyson, Principal
