**IN ACCORDANCE WITH SENATE BILL 128 (2021)**

The Supplemental School Year Program was established for students to “retake or supplement courses or grades the student has already taken.” That is, courses taken during the supplemental year must be those the student previously was enrolled in or bear a reasonable connection to previous courses to be supplementary in nature. Students may not retake or supplement courses from any school year prior to the 2020-2021 school year. The Supplemental School Year Program also was not established for students to explore coursework they otherwise didn't have the opportunity to take.

**ADDITIONAL INFORMATION**

Parents and/or guardians that are making the request MUST agree with AND acknowledge the following:

All Supplemental School Year Program (SSYP) students must participate in an “in person” setting for the 2021-2022 school year, unless they are taking a dual credit class that requires online participation or unless the student has a disability that requires “at home” services.
All students (Grades K-8) participating in the SSYP for 2021-2022 will repeat the grade level of the student for the 2020-2021 school year.
All students participating in the SSYP for 2021-2022 will be required to take any state assessment for the grade they are repeating.
Students cannot earn credit for the same required class more than once. Students may retake a course form the 2020-2021 school year only. The “new” grade will be used in GPA calculation and recorded to the transcript when completed, unless

the supplemental or “retake” class is taken AFTER the student receives their high school diploma. A student may not retake a dual credit class unless he/she received a failing grade for the dual credit class during the 2020-2021 school year.
Students who complete all graduation requirements with their 9 <sup>th</sup> grade cohort will be awarded a diploma with their 9 <sup>th</sup> grade cohort class, but SSYP students will have the opportunity to complete a supplemental school year.
All student-athletes must adhere to policies and procedures set forth by KHSAA in order to participate in athletics in the supplemental school year. This includes age restrictions under KHSAA Bylaw 2 and 702 KAR 7:065.
“... pursuant to guidance from the Kentucky Council on Postsecondary Education (CPE), graduated seniors who return and wish to take postsecondary (college) coursework during the 2021-2022 year must pursue dual enrollment, (defined within KRS 164.002), rather than dual credit coursework...students who graduate from high school during the 2020-2021 school year are no longer considered high school students for scholarship purposes and, therefore are not eligible for Dual Credit or Work Ready Dual Credit scholarships during the 2021-2022 year.” - “Guidance for Schools and Districts” issued by KDE on April 5, 2021. Students who graduate and choose to return for the supplemental school year will not be eligible for the discounted dual credit tuition rate.
Students who meet the requirements for graduation by May 21, 2021 and choose to participate in graduation ceremonies will be considered a High School Graduate (Class of 2021) and will be permitted to participate in graduation (and other senior activities) for the close of the 2020-2021 school year, in accordance with board policy/procedures.  Once a student receives their diploma, “the student’s final GPA should be calculated and should not be altered at a later date to reflect additional or updated coursework as part of the final GPA or credits towards graduation...However, the supplemental coursework and grades (for “graduated students” may be included in the student’s transcript for informational purposes.” – “Guidance for Schools and Districts” issued by KDE on April 5, 2021.
All SSYP students that have graduated must adhere to attendance, absence and excuses per board policies. SSYP graduated students (2021-2022) will be withdrawn from the high school attendance roster and any extra-curricular activities when/if he/she becomes habitually truant based on Board Policy 09.123.

**Timeline:**

- May 1, 2021 – All parent/student requests are due.
- By June 1, 2021 – Board approval or denial of all requests.
