

School Space Use Policy

KRS 160.345 (2)(i)5

Purpose: The School Space Use Policy ensures that the building space is maximized to provide opportunities for sharing resources, mentoring, and collaboration among the staff and students. The school's space will be utilized to maximize the teaching and learning environments to ensure all students are achieving at high levels.

Policy Statement:

The principal shall prepare a school space use plan and present the plan to the school council for approval during the July meeting. The principal has the right to change the plan during the school year when circumstances arise that necessitate the need for a change for the benefit of maintaining or enhancing student achievement.
